Part II Organizational Action

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action.

On July 26, 2019, O'Shaughnessy All Cap Core Fund merged into O'Shaughnessy Market Leaders Value Fund (81-0785208) in a nontaxable reorganization under Section 368(a) of the Internal Revenue Code.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis.

Each share of the O'Shaughnessy All Cap Core Fund (merging fund) is being replaced with shares of the O'Shaughnessy Market Leaders Value Fund (surviving fund), at a ratio noted in the attachment for each share class. The basis of the shares received is the same as the aggregate basis of the shares exchanged.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates.

For each tax lot that you held in the merging fund:

1) Multiply the number of shares held in the lot by the "Merger Ratio" in the attachment to calculate the number of shares that you now hold in the surviving fund.

2) Multiply the per share cost basis by the "Basis Ratio" in the attachment to calculate the per share basis of the shares that you now hold in the surviving fund.
