

O’Shaughnessy All Cap Core Fund
Class I – OFAIX
Class A – OFAAX
Class C – OFACX

O’Shaughnessy Enhanced Dividend Fund
Class I – OFDIX

Series of Advisors Series Trust (the “Trust”)

Supplement to the Summary Prospectus, Prospectus and Statement of Additional Information (“SAI”) dated November 28, 2018

Based on a recommendation from O’Shaughnessy Asset Management, LLC (the “Adviser”), on May 29, 2019, the Board of Trustees (the “Board”) of the Trust approved an Agreement and Plan of Reorganization whereby each of the O’Shaughnessy All Cap Core Fund (the “All Cap Core Fund”) and the O’Shaughnessy Enhanced Dividend Fund (the “Enhanced Dividend Fund”), each a series of the Trust, will be reorganized into the O’Shaughnessy Market Leaders Value Fund (the “Market Leaders Value Fund”), also a series of the Trust (the “Reorganizations”).

The Reorganizations, which are expected to be tax free to the shareholders of each of the All Cap Core Fund and the Enhanced Dividend Fund and which are subject to a number of closing conditions, will entail the transfer of all of the assets and liabilities of each of the All Cap Core Fund and the Enhanced Dividend Fund to the Market Leaders Value Fund, in exchange for Class I shares of the Market Leaders Value Fund. Shareholders of Class A, Class C and Class I shares of the All Cap Core Fund and shareholders of Class I shares of the Enhanced Dividend Fund will then receive Class I shares of the Market Leaders Value Fund equivalent in aggregate net asset value to the aggregate net asset value of their shares in the All Cap Core Fund or the Enhanced Dividend Fund at the time of the Reorganizations. The All Cap Core Fund and the Enhanced Dividend Fund will then be dissolved. These events are currently expected to occur on or about the close of business on July 22, 2019.

Shareholder approval is not required to effect the Reorganizations. In the next few weeks, the All Cap Core Fund and the Enhanced Dividend Fund will circulate an information statement/prospectus which will contain pertinent details regarding the upcoming Reorganizations, including the Board’s reasons for approving the Reorganizations.

SUMMARY SECTION

O'Shaughnessy All Cap Core Fund

Investment Objective

The O'Shaughnessy All Cap Core Fund's (the "Fund") investment objective is to seek long-term capital appreciation.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts if you and your family invest, or agree to invest in the future, at least \$50,000 in the Fund's Class A shares. Certain financial intermediaries also may offer variations in Fund sales charges to their customers as described in Appendix A to the statutory Prospectus. More information about these and other discounts is available from your financial professional and in the "Shareholder Information" section on page 15 of the Fund's Prospectus and the "Additional Purchase and Redemption Information" section on page 50 of the Fund's Statement of Additional Information ("SAI") and Appendix A to the statutory Prospectus.

SHAREHOLDER FEES (fees paid directly from your investment)	Class A	Class C
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price)	5.25%	None
Maximum Deferred Sales Charge (Load) (as a percentage of original purchase price or redemption price, whichever is less)	None	1.00%
Redemption Fee (as a percentage of amount redeemed on shares held for 90 days or less)	2.00%	2.00%
ANNUAL FUND OPERATING EXPENSES (expenses that you pay each year as a percentage of the value of your investment)		
Management Fees	0.55%	0.55%
Distribution (Rule 12b-1) Fees	0.25%	1.00%
Other Expenses	<u>2.16%</u>	<u>2.20%</u>
Total Annual Fund Operating Expenses	2.96%	3.75%
Less: Fee Waiver and Expense Reimbursement ⁽¹⁾	<u>-2.11%</u>	<u>-2.15%</u>
Total Annual Fund Operating Expenses After Fee Waiver and Expense Reimbursement	<u>0.85%</u>	<u>1.60%</u>

(1) O'Shaughnessy Asset Management, LLC (the "Adviser") has agreed to temporarily pay for all operating expenses (excluding acquired fund fees and expenses ("AFFE"), interest, taxes and extraordinary expenses) incurred by the All Cap Core Fund through at least November 27, 2019, to the extent necessary to limit Total Annual Fund Operating Expenses for the Fund to 0.85% of the average daily net assets of Class A and 1.60% of the average daily net assets of Class C (the "expense limitations"). The expense limitations may be discontinued at any time after November 27, 2019. The Adviser may not recoup amounts subject to the expense limitations in future periods.

Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same (taking into account the expense limitations only in the first year). Although your actual costs may be higher or lower, based on these assumptions,

your costs would be:

<u>Class A shares</u>	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
If you redeem your shares at the end of the period:	\$607	\$1,203	\$1,824	\$3,490
If you do not redeem your shares at the end of the period:	\$607	\$1,203	\$1,824	\$3,490

<u>Class C shares</u>	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
If you redeem your shares at the end of the period:	\$263	\$948	\$1,753	\$3,855
If you do not redeem your shares at the end of the period:	\$163	\$948	\$1,753	\$3,855

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 86% of the average value of its portfolio.

Principal Investment Strategies of the Fund

Under normal market conditions, the Fund invests primarily in a diversified portfolio of common stocks and other equity securities of companies of all sizes. The Adviser employs a proprietary quantitatively-driven approach to security selection based on research and analysis of historical data. The Adviser screens securities for attractive growth and value characteristics using a factor-based model. In selecting value securities, the Adviser evaluates factors that may include, but are not limited to: market capitalization, fair valuations, strong financial strength, strong earnings growth and consistently positive momentum. In selecting growth securities, the Adviser evaluates factors that may include, but are not limited to: market capitalization, trading volume, valuation metrics, earnings and price momentum over time. The Adviser may eliminate or substitute factors at its discretion. Portfolio securities may be sold generally upon periodic rebalancings of the Fund’s portfolio. For selling decisions, the Adviser considers the same factors it uses in evaluating a security for purchase and generally sells securities when it believes such securities no longer meet its investment criteria. The Fund may from time to time emphasize investment in certain sectors of the market.

The Fund invests primarily in common stocks and other equity securities, including preferred stocks, convertible securities, rights and warrants to purchase common stock and depositary receipts. The Fund may invest up to 50% of its total assets in the securities of foreign issuers, including those in emerging markets, and may invest up to 10% of its total assets in real estate investment trusts (“REITs”) or foreign real estate companies. The Fund may invest up to 10% of its total assets in other investment companies, including exchange-traded funds (“ETFs”). The Adviser expects that the Fund’s investment strategy may result in a portfolio turnover rate in excess of 100% on an annual basis.

The Fund may also invest up to 100% of the Fund’s total assets in cash, cash equivalents, and high-quality, short-term debt securities, money market mutual funds and money market instruments for temporary defensive purposes. The Fund may also invest up to 50% of its total assets in ETFs that are aligned with the Fund’s principal investment strategies, for temporary defensive purposes.

Principal Risks of Investing in the Fund

Losing all or a portion of your investment is a risk of investing in the Fund. The following principal risks could affect the value of your investment:

- **Market and Regulatory Risk.** Events in the financial markets and economy may cause volatility and uncertainty and adversely impact the All Cap Core Fund's performance. Market events may affect a single issuer, industry, sector, or the market as a whole. Traditionally liquid investments may experience periods of diminished liquidity. Governmental and regulatory actions, including tax law changes, may also impair portfolio management and have unexpected or adverse consequences on particular markets, strategies, or investments.
- **Equity Securities Risk.** The price of equity securities may rise or fall because of economic or political changes or changes in a company's financial condition, sometimes rapidly or unpredictably. These price movements may result from factors affecting individual companies, sectors or industries selected for the All Cap Core Fund's portfolio or the securities market as a whole, such as changes in economic or political conditions. The values of convertible securities tend to decline as interest rates rise and, because of the conversion feature, tend to vary with fluctuations in the market value of the underlying equity security.
- **Management Risk.** The Fund is an actively managed portfolio. The Adviser's management practices and investment strategies might not work to meet the Fund's investment objective.
- **Sector Risk.** To the extent the Fund invests a significant portion of its assets in the securities of companies in the same sector of the market, the Fund is more susceptible to economic, political, regulatory and other occurrences influencing those sectors.
- **Foreign Securities and Emerging Markets Risk.** The risks of investing in the securities of foreign issuers, including emerging market issuers and depositary receipts, can include fluctuations in foreign currencies, foreign currency exchange controls, political and economic instability, differences in securities regulation and trading, and foreign taxation issues. These risks are greater in emerging markets.
- **Depositary Receipt Risk.** The Fund's equity investments may take the form of sponsored or unsponsored depositary receipts. Holders of unsponsored depositary receipts generally bear all the costs of such facilities and the depositary of an unsponsored facility frequently is under no obligation to distribute shareholder communications received from the issuer of the deposited security or to pass through voting rights to the holders of such receipts of the deposited securities.
- **Large-Sized Companies Risk.** Larger, more established companies may be unable to respond quickly to new competitive challenges like changes in consumer tastes or innovative smaller competitors. In addition, large-cap companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion.
- **Small- and Medium-Sized Companies Risk.** Small- and medium-sized companies often have less predictable earnings, more limited product lines, markets, distribution channels or financial resources and the management of such companies may be dependent upon one or few key people. The market movements of equity securities of small- and medium-sized companies may be more abrupt and volatile than the market movements of equity securities of larger, more established companies or the stock market in general and small-sized

companies in particular, are generally less liquid than the equity securities of larger companies.

- **REITs and Foreign Real Estate Company Risk.** Investing in REITs and foreign real estate companies makes the Fund more susceptible to risks associated with the ownership of real estate and with the real estate industry in general, as well as tax compliance risks, and may involve duplication of management fees and other expenses. REITs and foreign real estate companies may be less diversified than other pools of securities, may have lower trading volumes and may be subject to more abrupt or erratic price movements than the overall securities markets.
- **Investment Company Risk.** When the Fund invests in an ETF or mutual fund, it will bear additional expenses based on its pro rata share of the ETF's or mutual fund's operating expenses, including the potential duplication of management fees. The risk of owning an ETF or mutual fund generally reflects the risks of owning the underlying securities the ETF or mutual fund holds. The Fund also will incur brokerage costs when it purchases ETFs.
- **Portfolio Turnover Risk.** A high portfolio turnover rate (100% or more) has the potential to result in the realization and distribution to shareholders of higher capital gains, which may subject you to a higher tax liability. High portfolio turnover also necessarily results in greater transaction costs which may reduce Fund performance.

Performance

The following performance information provides some indication of the risks of investing in the Fund. The bar chart shows the Fund's Class A shares' annual return from year to year. Sales loads are not reflected in the bar chart; if these amounts were reflected, returns would be less than those shown. The table shows how the Fund's average annual returns for the 1-year, 5-year and since inception periods compare with those of broad measures of market performance. The Fund's past performance, before and after taxes, does not necessarily indicate how it will perform in the future. Updated performance information is available by calling 1-877-291-7827 or by visiting www.osfunds.com.

Calendar Year Total Return as of December 31 – Class A

The Fund's year-to-date return as of September 30, 2018 was 10.23%.

During the period of time shown in the bar chart, the Fund's highest quarterly return was 14.65% for the quarter ended March 31, 2013, and the lowest quarterly return was -16.39% for the quarter ended September 30, 2011.

**Average Annual Total Returns
(for the period ended December 31, 2017)**

	1 Year	5 Years	Since Inception (08/16/2010)
Class A Shares			
Return Before Taxes	13.05%	14.51%	13.85%
Return After Taxes on Distributions	3.98%	10.60%	11.15%
Return After Taxes on Distributions and Sale of Fund Shares	13.85%	11.14%	11.03%
Class C Shares			
Return Before Taxes	17.64%	14.83%	13.70%
Russell 3000® Index (reflects no deduction for fees, expenses, or taxes)	21.13%	15.58%	15.47%
S&P 500® Index (reflects no deduction for fees, expenses, or taxes)	21.83%	15.79%	15.50%

The Return After Taxes on Distributions and Sale of Fund Shares is higher than other return figures when a capital loss occurs upon the redemption of Fund shares.

The after-tax returns were calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown, and after-tax returns are not relevant to investors who hold shares of the Fund through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts ("IRAs"). The after-tax returns are shown only for the Class A Shares and the after-tax returns for the Class C shares will vary to the extent it has different expenses.

Management

Investment Adviser: O'Shaughnessy Asset Management, LLC is the Fund's investment adviser.

Portfolio Managers: James O'Shaughnessy, Principal, Chairman and Chief Investment Officer, Patrick O'Shaughnessy, Principal and Chief Executive Officer, Scott Bartone, Principal and Director of Portfolio Management and Operations and Christopher Meredith, Principal and Director of Research, are the portfolio managers primarily responsible for the day-to-day management of the Fund. Mr. James O'Shaughnessy and Mr. Meredith have managed the Fund since August 2010 and Mr. Patrick O'Shaughnessy and Mr. Scott Bartone have managed the Fund since November 2018.

Purchase and Sale of Fund Shares

You may purchase, or redeem Fund shares on any business day by written request via mail (O'Shaughnessy All Cap Core Fund, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, Wisconsin 53201-0701), by telephone at 1-877-291-7827, or through a financial intermediary. You may also purchase or redeem Fund shares by wire transfer. Investors who wish to purchase or redeem Fund shares through a financial intermediary should contact the financial intermediary directly. The minimum initial and subsequent investment amounts for Class A and Class C shares are shown below.

Type of Account	To Open Your Account	To Add to Your Account
Regular and Retirement Accounts	\$2,500	\$100

Tax Information

The Fund's distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an IRA. Distributions on investments made through tax-deferred arrangements may be taxed later upon withdrawal of assets from those accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase the Fund through a broker-dealer or other financial intermediary, the Fund and/or the Adviser may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

INVESTMENT OBJECTIVE, PRINCIPAL INVESTMENT STRATEGIES, RELATED RISKS AND PORTFOLIO HOLDINGS INFORMATION

Investment Objective

The Fund's investment objective is to seek long-term capital appreciation. The Fund's investment objective is a non-fundamental policy and may be changed by the Board without shareholder approval. If the Fund's investment objective changes, the Fund will provide 60 days' prior written notice to shareholders before implementing the change and shareholders should consider whether the Fund remains an appropriate investment in light of the changes. There are risks inherent in all investments in securities; accordingly, there can be no assurance that the Fund will achieve its investment objective.

Principal Investment Strategies and Risks

Under normal market conditions, the Fund invests primarily in a diversified portfolio of common stocks and other equity securities of companies of all sizes. The Adviser employs a proprietary quantitatively-driven approach to security selection based on research and analysis of historical data. The Adviser screens securities for attractive growth and value characteristics using a factor-based model. In selecting value securities, the Adviser evaluates factors that may include, but are not limited to: market capitalization, fair valuations, strong financial strength, strong earnings growth and consistently positive momentum. In selecting growth securities, the Adviser evaluates factors that may include, but are not limited to: market capitalization, trading volume, valuation metrics, earnings and price momentum over time. The Adviser may eliminate or substitute factors at its discretion. Portfolio securities may be sold generally upon periodic rebalancings of the Fund's portfolio. For selling decisions, the Adviser considers the same factors it uses in evaluating a security for purchase and generally sells securities when it believes such securities no longer meet its investment criteria. The Adviser's proprietary quantitatively-driven approach may lead to periods of volatility in returns and the returns on the Fund's portfolio may or may not move in tandem with the returns of other styles of investing or the overall securities markets. Investors should consider their long-term investment goals and financial needs when making an investment decision about the Fund.

The Fund emphasizes a core style of investing, which means that it may purchase and hold equity securities that may have "growth" and/or "value" characteristics. The market prices of growth securities may be more volatile than other types of investments. The returns on such securities may or may not move in tandem with the returns on other styles of investing or the overall securities markets. The value style of investing is subject to the risk that the valuations never improve or that the returns on value securities are less than returns on other styles of investing or the overall securities markets. Different types of securities tend to shift in and out of favor depending on market and economic conditions.

The Fund may from time to time emphasize investment in certain sectors of the market.

Related Risks

Market and Regulatory Risk. Events in the financial markets and economy may cause volatility and uncertainty and adversely affect performance. Such adverse effect on performance could include a decline in the value and liquidity of securities held by the Fund, unusually high and unanticipated levels of redemptions, an increase in portfolio turnover, a decrease in NAV, and an increase in Fund expenses. It may also be unusually difficult to identify both investment risks and opportunities, in which case investment goals may not be met. Market events may affect a single issuer, industry, sector, or the market as a whole. In addition, because of

interdependencies between markets, events in one market may adversely impact markets or issuers in which the Fund invests in unforeseen ways. Traditionally liquid investments may experience periods of diminished liquidity. During a general downturn in the financial markets, multiple asset classes may decline in value and the Fund may lose value, regardless of the individual results of the securities and other instruments in which the Fund invests. It is impossible to predict whether or for how long such market events will continue, particularly if they are unprecedented, unforeseen or widespread events or conditions. Therefore it is important to understand that the value of your investment may fall, sometimes sharply and for extended periods, and you could lose money. Governmental and regulatory actions, including tax law changes, may also impair portfolio management and have unexpected or adverse consequences on particular markets, strategies, or investments.

Equity Securities Risk. The Fund is designed for long-term investors who can accept the risks of investing in a portfolio with significant equity holdings. Equity holdings tend to be more volatile than other investment choices such as bonds and money market instruments. The value of the Fund's shares will fluctuate as a result of the movement of the overall stock market or of the value of the individual securities held by the Fund, and you could lose money. The values of convertible securities tend to decline as interest rates rise and, because of the conversion feature, tend to vary with fluctuations in the market value of the underlying equity security.

Management Risk. The skill of the Adviser will play a significant role in the Fund's ability to achieve its investment objective. The Fund's ability to achieve its investment objective depends on the ability of the Adviser to correctly identify economic trends, especially with regard to accurately forecasting inflationary and deflationary periods. In addition, the Fund's ability to achieve its investment objective depends on the Adviser's ability to select investments, particularly in volatile stock markets. The Adviser could be incorrect in its analysis of industries, companies and the relative attractiveness of growth and value stocks and other matters.

Sector Risk. To the extent the Fund invests a significant portion of its assets in the securities of companies in the same sector of the market, the Fund is more susceptible to economic, political, regulatory and other occurrences influencing those sectors. Sector risk is the risk that investments within the same economic sector may decline in price due to sector-specific market or economic developments. Although the Adviser selects stocks on their individual merits, it is expected that when the Fund's investments are categorized into its respective economic sectors, some sectors will represent a larger portion of the overall portfolio than other sectors. As a result, potential negative developments affecting one of the larger sectors could have a greater impact on the Fund than a fund with fewer holdings in that sector.

Foreign Securities, Emerging Markets and Foreign Currency Risk. Securities of foreign issuers may be denominated in U.S. dollars or in currencies other than U.S. dollars. Investments in securities of foreign issuers present certain risks not ordinarily associated with investments in securities of U.S. issuers. These risks include fluctuations in foreign currency exchange rates, political, economic or legal developments (including war or other instability, expropriation of assets, nationalization and confiscatory taxation), the imposition of foreign exchange limitations (including currency blockage), withholding taxes on income or capital transactions or other restrictions, higher transaction costs (including higher brokerage, custodial and settlement costs and currency conversion costs) and possible difficulty in enforcing contractual obligations or taking judicial action. Securities of foreign issuers may not be as liquid and may be more volatile than comparable securities of domestic issuers.

In addition, there often is less publicly available information about many foreign issuers, and issuers of foreign securities are subject to different, often less comprehensive, auditing, accounting and financial reporting disclosure requirements than domestic issuers. There is generally less government regulation of exchanges, brokers and listed companies abroad than in the United States and, with respect to certain foreign countries, there is a possibility of expropriation or confiscatory taxation, or diplomatic developments which could affect investment in those countries. Because there is usually less supervision and governmental regulation of foreign exchanges, brokers and dealers than there is in the United States, the Fund may experience settlement difficulties or delays not usually encountered in the United States.

Delays in making trades in securities of foreign issuers relating to volume constraints, limitations or restrictions, clearance or settlement procedures, or otherwise could impact returns and result in temporary periods when assets of the Fund is not fully invested or attractive investment opportunities are foregone.

In addition to the increased risks of investing in securities of foreign issuers, there are often increased transaction costs associated with investing in securities of foreign issuers, including the costs incurred in connection with converting currencies, higher foreign brokerage or dealer costs and higher settlement costs or custodial costs.

Since the Fund may invest in securities denominated or quoted in currencies other than the U.S. dollar, the Fund may be affected by changes in foreign currency exchange rates (and exchange control regulations) which affect the value of investments in the Fund and the accrued income and appreciation or depreciation of the investments. Changes in foreign currency exchange rates relative to the U.S. dollar will affect the U.S. dollar value of the Fund's assets denominated in that currency and the Fund's return on such assets as well as any temporary uninvested reserves in bank deposits in foreign currencies. In addition, the Fund will incur costs in connection with conversions between various currencies.

The Fund may purchase and sell foreign currency on a spot (*i.e.*, cash) basis in connection with the settlement of transactions in securities traded in such foreign currency. The Fund also may enter into contracts with banks, brokers or dealers to purchase or sell securities or foreign currencies at a future date ("forward contracts"). A foreign currency forward contract is a negotiated agreement between the contracting to exchange a specified amount of currency at a specified future time at a specified rate. The rate can be higher or lower than the spot rate between the currencies that are the subject of the contract.

The Fund may attempt to protect against adverse changes in the value of the U.S. dollar in relation to a foreign currency by entering into a forward contract for the purchase or sale of the amount of foreign currency invested or to be invested, or by buying or selling a foreign currency futures contract for such amount. Such strategies may be employed before the Fund purchases a foreign security traded in the currency which the Fund anticipates acquiring or between the date the foreign security is purchased or sold and the date on which payment therefore is made or received. Seeking to protect against a change in the value of a foreign currency in the foregoing manner does not eliminate fluctuations in the prices of portfolio securities or prevent losses if the prices of such securities decline. Furthermore, such transactions reduce or preclude the opportunity for gain if the value of the currency should move in the direction opposite to the position taken. Unanticipated changes in currency prices may result in poorer overall performance for the Fund than if it had not entered into such contracts.

The Fund's investments in emerging market countries are subject to all of the risks of foreign investing generally, and have additional heightened risks. These risks include less social, political and economic stability; smaller securities markets with low or nonexistent trading volume and greater illiquidity and price volatility; more restrictive national policies on foreign investment, including restrictions on investment in issuers or industries deemed sensitive to national interests; less transparent and established taxation policies; less developed regulatory or legal structures governing private and foreign investment; less financial sophistication, creditworthiness, and/or resources possessed by, and less government regulation of, the financial institutions and issuers with which the Fund transacts; less government supervision and regulation of business and industry practices, stock exchanges, brokers and listed companies than in the U.S.; greater concentration in a few industries resulting in greater vulnerability to regional and global trade conditions; higher rates of inflation and more rapid and extreme fluctuations in inflation rates; greater sensitivity to interest rate changes; increased volatility in currency exchange rates and potential for currency devaluations and/or currency controls; greater debt burdens relative to the size of the economy; more delays in settling portfolio transactions and heightened risk of loss from share registration and custody practices; and less assurance that recent favorable economic developments will not be slowed or reversed by unanticipated economic, political or social events in such countries. Because of these risk factors, the Fund's investments in emerging market countries are subject to greater price volatility and illiquidity than investments in developed markets.

Depository Receipt Risk. Depository receipts involve substantially identical risks to those associated with direct investment in securities of foreign issuers. In addition, the underlying issuers of certain depository receipts, particularly unsponsored or unregistered depository receipts, are under no obligation to distribute shareholder communications to the holders of such receipts, or to pass through to them any voting rights with respect to the deposited securities. Investment in ADRs, GDRs and EDRs may be less liquid than the underlying shares in their primary trading market and GDRs, many of which are issued by companies in emerging markets, may be more volatile.

REITs and Foreign Real Estate Company Risk. The Fund may invest in REITs and foreign real estate companies, which are similar to entities organized and operated as REITs in the United States. REITs and foreign real estate companies pool investors' funds for investment primarily in commercial real estate properties or real-estate related loans. REITs and foreign real estate companies generally derive their income from rents on the underlying properties or interest on the underlying loans, and their value is impacted by changes in the value of the underlying property or changes in interest rates affecting the underlying loans owned by the REITs and/or foreign real estate companies. REITs and foreign real estate companies are more susceptible to risks associated with the ownership of real estate and the real estate industry in general. These risks can include fluctuations in the value of underlying properties; defaults by borrowers or tenants; market saturation; changes in general and local economic conditions; decreases in market rates for rents; increases in competition, property taxes, capital expenditures, or operating expenses; and other economic, political or regulatory occurrences affecting the real estate industry. In addition, REITs and foreign real estate companies depend upon specialized management skills, may not be diversified (which may increase the volatility of the REITs and/or foreign real estate companies value), may have less trading volume and may be subject to more abrupt or erratic price movements than the overall securities market. REITs are not taxed on income distributed to shareholders provided they comply with several requirements of the Internal Revenue Code of 1986, as amended (the "Code"). REITs are subject to the risk of failing to qualify for tax-free pass-through of income under the Code. Foreign real estate companies may be subject to laws, rules and regulations governing those

entities and their failure to comply with those laws, rules and regulations could negatively impact the performance of those entities. In addition, investments in REITs and foreign real estate companies may involve duplication of management fees and certain other expenses, as the Fund indirectly bears its proportionate share of any expenses paid by REITs and foreign real estate companies in which it invests.

Investment Company Risk. The Fund may invest in other investment companies, including ETFs. ETFs are typically open-end investment companies that are bought and sold on a national securities exchange. The Fund primarily uses such investments to gain exposure to investments in certain foreign markets when local law prohibits the Fund from investing directly in that market and when direct investments in certain countries are not permitted by foreign investors. ETFs may also be utilized to seek to track the performance of various securities indices. Investments in other investment companies, including ETFs, may involve duplication of management fees and certain other expenses.

When the Fund invests in an ETF, it will bear additional expenses based on its pro rata share of the ETF's operating expenses, including the potential duplication of management fees. The risk of owning an ETF generally reflects the risks of owning the underlying securities it holds. Many ETFs seek to replicate a specific benchmark index. However, an ETF may not fully replicate the performance of its benchmark index for many reasons, including because of the temporary unavailability of certain index securities in the secondary market or discrepancies between the ETF and the index with respect to the weighting of securities or the number of stocks held. Lack of liquidity in an ETF could result in an ETF being more volatile than the underlying portfolio of securities it holds. In addition, because of ETF expenses, compared to owning the underlying securities directly, it may be more costly to own an ETF.

If the Fund invests in shares of another mutual fund, shareholders will indirectly bear fees and expenses charged by the underlying mutual funds in which the Fund invests in addition to the Fund's direct fees and expenses. The Fund also will incur brokerage costs when it purchases ETFs. Furthermore, investments in other mutual funds could affect the timing, amount and character of distributions to shareholders and therefore may increase the amount of taxes payable by investors in the Fund.

Portfolio Turnover Risk. The Fund may sell securities without regard to the length of time they have been held to take advantage of new investment opportunities, when the Adviser believes either the securities no longer meet its investment criteria or the potential for capital appreciation has lessened, or for other reasons. The Fund's portfolio turnover rate may vary from year to year. A high portfolio turnover rate (100% or more) increases the Fund's transaction costs (including brokerage commissions and dealer costs), which would adversely impact the Fund's performance. Higher portfolio turnover may result in the realization of more short-term capital gains than if the Fund had lower portfolio turnover. The turnover rate will not be a limiting factor, however, if the Adviser considers portfolio changes appropriate.

Large-Sized Companies Risk. The stocks of larger companies may underperform relative to those of small and mid-sized companies. Larger, more established companies may be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes. Many larger companies may not be able to attain the high growth rate of successful smaller companies, especially during extended periods of economic expansion.

Small- and Medium-Sized Companies Risk. The securities of smaller or medium-sized companies may be subject to more abrupt or erratic market movements than securities of

larger-sized companies or the market averages in general. In addition, such companies typically are subject to a greater degree of change in earnings and business prospects than are larger companies. Thus, to the extent the Fund invests in smaller or medium-sized companies, the Fund may be subject to greater investment risk than that assumed through investment in the equity securities of larger-sized companies.

Other Investments and Risk Factors. For cash management purposes, the Fund may engage in repurchase agreements with broker-dealers, banks and other financial institutions to earn a return on temporarily available cash. Repurchase agreements are considered loans by the Fund and are subject to the risk of default by the other party. The Fund will only enter into such agreements with parties deemed to be creditworthy by the Fund's investment adviser under guidelines approved by the Board.

As a non-principal investment strategy, the Fund may hold up to 15% of its net assets in illiquid securities and certain restricted securities. Such securities may be difficult or impossible to sell at the time and the price that the Fund would like. Thus, the Fund may have to sell such securities at a lower price, sell other securities instead to obtain cash or forego other investment opportunities.

Further information about these types of investments and other investment practices that may be used by the Fund is contained in the Fund's SAI.

Temporary Defensive Strategy. When adverse market, economic, political or other conditions dictate a more defensive investment strategy, the Fund may, on a temporary basis, hold cash or invest a portion or all of its assets in cash equivalents including, money-market funds, obligations of the U.S. government, its agencies or instrumentalities, obligations of foreign sovereignties, other high-quality debt securities, including prime commercial paper, repurchase agreements and bank obligations, such as bankers' acceptances and certificates of deposit. Under normal market conditions, the potential for capital appreciation on these securities will tend to be lower than the potential for capital appreciation on other securities that may be owned by the Fund. The Fund may also invest up to 50% of its total assets in ETFs that are aligned with the Fund's principal investment strategies, for temporary defensive purposes. In taking such a defensive position, the Fund would temporarily not be pursuing its principal investment strategies and may not achieve its investment objective.

Portfolio Holdings Information

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's SAI. Currently, disclosure of the Fund's holdings is required to be made quarterly within 60 days of the end of each fiscal quarter in the annual report and semi-annual report to Fund shareholders and in the quarterly holdings report on Form N-Q. The annual and semi-annual reports are available by contacting the O'Shaughnessy Funds, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, Wisconsin 53201-0701, or calling 1-877-291-7827 and on the SEC's website at www.sec.gov.

MANAGEMENT OF THE FUND

Investment Adviser

O'Shaughnessy Asset Management, LLC is the Fund's investment adviser and delivers a broad range of equity portfolios to individual investors, institutional investors and the high net-worth

clients of financial advisors. It also serves as a sub-adviser to a family of mutual funds that are registered in Canada. As of October 31, 2018, the Adviser had \$5,848,437,591 discretionary assets under management and \$504,254,442 non-discretionary assets under advisement. The Adviser's principal office is located at 6 Suburban Avenue, Stamford, Connecticut 06901.

The Adviser provides the Fund with advice on buying and selling securities. For its services, the Adviser is entitled to receive a monthly management fee of 0.55% based upon the average daily net assets of the Fund. For the fiscal year ended July 31, 2018, the Adviser did not receive advisory fees from the Fund, net of waivers.

A discussion regarding the basis for the Board's approval of the Fund's Advisory Agreement is available in the Fund's semi-annual report for the period ended January 31, 2018.

The Fund, as a series of the Trust, does not hold itself out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment adviser with any other series, except for the other O'Shaughnessy Funds offered in a separate prospectus.

Portfolio Managers

The Fund is managed by the Adviser. The Adviser's portfolio management team consists of portfolio managers and analysts. Current members of the team jointly and primarily responsible for the day-to-day management of the Fund's portfolio are portfolio managers, James O'Shaughnessy, Principal, Chairman and Chief Investment Officer, Christopher Meredith, Principal and Director of Research, Patrick O'Shaughnessy, Principal and Chief Executive Officer and Scott Bartone, Principal and Director of Portfolio Management and Operations.

Messrs. James O'Shaughnessy, Patrick O'Shaughnessy, and Meredith have been associated with the Adviser in an investment capacity since 2007 and Mr. Bartone has been associated with the Adviser in an investment capacity since 2008. Messrs. James O'Shaughnessy and Meredith began managing the Fund in August 2010. Messrs. Patrick O'Shaughnessy and Bartone began managing the Fund in November 2018. From 2001 to 2007, Mr. James O'Shaughnessy was associated in an investment management capacity with Bear Stearns Asset Management. Prior to joining Bear Stearns Asset Management, Mr. James O'Shaughnessy had investment management responsibilities at O'Shaughnessy Capital Management from 1987 to 1999 and at Netfolio, Inc. from 1999 to 2001. Mr. James O'Shaughnessy is the lead manager of the Fund. Any changes to the Fund's investment strategies, factors, and/or models must be approved by Mr. James O'Shaughnessy. Mr. Meredith is a Senior Portfolio Manager of the Fund. Mr. Meredith oversees the daily activity, investment transactions, and rebalancing of the Fund, however, Mr. James O'Shaughnessy is responsible for the execution of the overall strategy of the Fund.

The Fund's SAI provides additional information about the portfolio managers' compensation structure, other accounts managed by the portfolio managers and the portfolio managers' ownership of securities in the Fund.

Similarly Managed Account Performance

The Fund is managed in a manner that is substantially similar to certain other accounts (the "Composite") managed by the Adviser. The Composite has investment objectives, policies, strategies and risks substantially similar to those of the Fund. The individuals responsible for the management of the Composite are the same individuals responsible for the management of

the Fund. **You should not consider the past performance of the Composite as indicative of the future performance of the Fund.**

The following table sets forth performance data relating to the Composite which represents the only accounts managed by the Adviser in a substantially similar manner to the portfolio of the Fund. The data is provided to illustrate the past performance of the Adviser and portfolio managers in managing substantially similar accounts as measured against appropriate indices, and does not represent the performance of the Fund. The Composite shown is not subject to the same types of expenses to which the Fund is subject, the Composite is rebalanced differently and less frequently than the Fund which will affect, among other things, transactions costs and may affect the comparability of performance, nor is the Composite subject to the diversification requirements, specific tax restrictions and investment limitations imposed on the Fund by the 1940 Act or Subchapter M of the Code. Consequently, the performance results for each Composite expressed below could have been adversely affected if it had been regulated as an investment company under the federal securities laws.

Performance Results	Year to Date Return through October 31, 2018 ⁽¹⁾	Average Annual Returns for the Periods Ended December 31, 2017			
		Past 1 Year	Past 5 Years	Past 10 Years	Since Inception (1/1/2003)
All Cap Core Composite (gross of fee)	0.23%	18.71%	16.40%	8.68%	11.90%
All Cap Core Composite (net of fee)	-1.99%	15.64%	13.66%	5.96%	9.17%
Russell 3000 [®] Index ⁽²⁾	2.43%	21.13%	15.58%	8.60%	10.25%

⁽¹⁾ As of October 31, 2018, the All Cap Core Composite was comprised of 523 accounts with approximately \$524,298,042 in assets.

⁽²⁾ The Russell 3000[®] Index measures the performance of the largest 3,000 U.S. companies representing approximately 98% of the investable U.S. equity market.

The management fee and operating expenses charged to institutional separate accounts in the Composite are 0.60% on the first \$25 million and 0.55% on assets over \$25 million. The performance results shown are both gross and net of this fee. The fees of the All Cap Core Composite differ from the fees of the Fund. The fees and expenses associated with an investment in the Composite are lower than the fees and expenses (after taking into account the Expense Caps) associated with an investment in the Class A or Class C shares of the Fund, so that if the Composite's expenses were adjusted for these Fund expenses, its performance would have been lower.

The methodology used to calculate the total return of the Composite is different than the U.S. Securities and Exchange Commission's prescribed methods for calculating total return for mutual funds and may produce different results. The Adviser claims compliance with the Global Investment Performance Standards ("GIPS[®]").

Fund Expenses

The Fund is responsible for its own operating expenses. The Adviser has agreed to temporarily waive all or a portion of its management fee and pay Fund expenses (excluding AFFE, interest, taxes and extraordinary expenses) in order to limit Total Annual Fund Operating Expenses to 0.85% and 1.60% of average daily net assets for the Fund's Class A shares and Class C shares, respectively, through at least November 27, 2019. The Adviser's temporary expense limitations for the Fund may be discontinued at any time after November 27, 2019. Any waiver of fees and payment of expenses made by the Adviser under the temporary expense limitations may not be recouped by the Adviser in subsequent fiscal years.

Prior to January 1, 2015, the Adviser contractually agreed to waive all or a portion of its management fees and pay Fund expenses (excluding AFFE, interest, taxes and extraordinary expenses) in order to limit Total Annual Fund Operating Expenses to 1.24% and 1.99% of average daily net assets for the Fund's Class A shares and Class C shares, respectively, through at least November 27, 2015. The term of the Fund's written operating expenses limitation agreement is indefinite and it can only be terminated upon a vote of the Board. Under a contractual operating expenses limitation agreement, the Adviser may request recoupment of previously waived fees and paid expenses in any subsequent month in the three-year period from the date of the management fee reduction and expense payment if the aggregate amount actually paid by the Fund toward the operating expenses for such fiscal year (taking into account the reimbursement) will not cause the Fund to exceed the lesser of: (1) the expense limitation in place at the time of the management fee reduction and expense payment; or (2) the expense limitation in place at the time of the reimbursement. Any such recoupment is contingent upon the subsequent review and ratification of the recouped amounts by the Board. The Fund must pay current ordinary operating expenses before the Adviser is entitled to any recoupment of fees and expenses. As of July 31, 2018, the Adviser had finished recouping all previously waived fees and Fund expenses paid by the Adviser.

Class I shares of the Fund are offered in a separate Prospectus.

SHAREHOLDER INFORMATION

Set forth below is information about the manner in which the Fund offers shares. A financial intermediary may offer Fund shares subject to variations in or elimination of the Fund sales charges ("variations"), provided such variations are described in this Prospectus. All variations described in Appendix A are applied by, and the responsibility of, the identified financial intermediary. Sales charge variations may apply to purchases, sales, exchanges and reinvestments of Fund shares and a shareholder transacting in Fund shares through an intermediary identified on Appendix A should read the terms and conditions of Appendix A carefully. For the variations applicable to shares offered through Raymond James-sponsored platforms, please see "Appendix A – Financial Intermediary Sales Charge Variations." A variation that is specific to a particular financial intermediary is not applicable to shares held directly with the Fund or through another intermediary. Please consult your financial intermediary with respect to any variations listed on Appendix A.

Description of Share Classes

The Fund has adopted a multiple class plan that allows the Fund to offer one or more classes of shares. Currently, the Fund has three classes of shares – Class A, Class C and Class I. Class I shares of the Fund are offered in a separate Prospectus. The different classes of shares represent investments in the same portfolio of securities, but the classes are subject to different expenses and may have different share prices as outlined below:

- **Class A** shares are charged a front-end sales load, a 0.25% Rule 12b-1 distribution and service fee and a 0.15% shareholder servicing plan fee. Class A shares do not have a contingent deferred sales charge ("CDSC") except that a charge of 1% applies to certain redemptions made within twelve months, following purchases of \$1 million or more without an initial sales charge.
- **Class C** shares are charged a CDSC of 1.00%, if they are redeemed within twelve months of purchase. Class C shares are also charged a 1.00% Rule 12b-1 distribution and service fee and a 0.15% shareholder servicing plan fee.

- **Class I** shares are charged a 0.15% shareholder servicing plan fee but are not charged a front-end sales load, a CDSC or a Rule 12b-1 distribution and service fee and are generally available for purchase only by institutional investors, retirement accounts or high net worth individuals.

Class A Shares If you purchase Class A shares of the Fund you will pay the public offering price (“POP”) which is the net asset value (“NAV”) per share next determined after your order is received plus a sales charge (shown in percentages below) depending on the amount of your investment. Since sales charges are reduced for Class A share purchases above certain dollar amounts, known as “breakpoint levels,” the POP is lower for these purchases. The dollar amount of the sales charge is the difference between the POP of the shares purchased (based on the applicable sales charge in the table below) and the NAV of those shares. Because of rounding in the calculation of the POP, the actual sales charge you pay may be more or less than that calculated using the percentages shown below. The sales charge does not apply to shares purchased with reinvested dividends. The sales charge is calculated as follows:

Class A Shares Sales Charge Schedule

Amount of Transaction	Sales Charge as a % of Public Offering Price*	Sales Charge as a % of Net Amount Invested	Dealer Reallowance as a % of Public Offering Price
Less than \$50,000	5.25%	5.54%	5.25%
\$50,000 but less than \$100,000	4.50%	4.71%	4.50%
\$100,000 but less than \$250,000	3.50%	3.63%	3.50%
\$250,000 but less than \$500,000	2.50%	2.56%	2.50%
\$500,000 but less than \$1,000,000	2.00%	2.04%	2.00%
\$1,000,000 or more	**	**	**

* Offering price includes the front-end sales load. The sales charge you pay may differ slightly from the amount set forth above because of rounding that occurs in the calculation used to determine your sales charge.

** U.S. Bancorp Fund Services, LLC (the “Transfer Agent”) will assess a 1.00% CDSC on purchases of \$1,000,000 or more as well as on transactions in accounts with an aggregated value of \$1,000,000 or more if they are redeemed within twelve months of purchase, unless the dealer of record waived its commission. The CDSC will be based on the value of your shares at the time of original purchase or their current market value, whichever is less.

Reducing Your Sales Charge

You may be able to reduce the sales charge on Class A shares of the Fund based on the combined market value of your accounts. If you believe you are eligible for any of the following reductions or waivers, it is up to you to ask the selling agent or shareholder servicing agent for the reduction and to provide appropriate proof of eligibility.

- You pay no sales charges on Fund shares you buy with reinvested distributions.
- You pay a lower sales charge if you are investing an amount over a specific breakpoint level as indicated by the above table.
- You pay no sales charges on Fund shares you purchase with the proceeds of a redemption of Class A shares of the Fund within 120 days of the date of the redemption.
- By signing a **Letter of Intent** (“LOI”) prior to purchase, you pay a lower sales charge now in exchange for promising to invest an amount over a specified breakpoint within the next 13 months. Purchases made during the 90 days prior to signing an LOI can be taken into consideration towards fulfillment of the LOI, no sales charge adjustment will be made to these purchases. The reduced sales charge will only apply to new

purchases. Reinvested dividends and capital gains do not count as purchases made during this period. The Transfer Agent will hold in escrow shares equal to approximately 5.25% of the amount you say you intend to buy. If you do not invest the amount specified in the LOI before the expiration date, the Transfer Agent will redeem enough escrowed shares to pay the difference between the reduced sales load you paid and the sales load you would have paid based on the total amount actually invested in Class A shares on the expiration date. Otherwise, we will release the escrowed shares when you have invested the agreed amount.

- **Rights of Accumulation** (“ROA”) allow you to combine your new purchase of Class A shares with Class A and Class C shares you currently own in the Fund for the purpose of qualifying for the lower sales charge rates that apply to larger purchases of Class A shares. The applicable sales charge for the new purchase is based on the total of your current purchase and the current value based on the maximum public offering price of all other Class A and Class C shares you own.

Eligible Accounts

Certain accounts may be aggregated for ROA eligibility, including your current investment in the Fund, and previous investments you and members of your primary household group have made in the Fund. (Your primary household group consists of you, your spouse and children under age 21 living at home.) Specifically, the following accounts are eligible to be included in determining the sales charge on your purchase:

- Individual or joint accounts held in your name;
- IRAs (Traditional, Roth, SEP, and SIMPLE IRAs);
- Coverdell Education Savings Accounts and UGMA/UTMA accounts for which you or your spouse is parent or guardian of the minor child;
- Trust accounts for which you or a member of your primary household group, individually, is the beneficiary;
- Accounts held in the name of you or your spouse’s sole proprietorship or single owner limited liability company or S corporation; and
- Investors who purchase shares that are to be included in certain retirement, benefit, pension, trust or investment “wrap accounts” or through an omnibus account maintained with the Fund by a broker-dealer.

A financial intermediary may impose different sales load discounts. Sales load discount variations specific to certain financial intermediaries are described in Appendix A to this Prospectus.

Waiving Your Sales Charge

The Adviser reserves the right to waive the sales charges for certain groups or classes of shareholders. If you fall into any of the following categories, you can buy Class A shares at NAV without a sales charge:

- Current and retired employees, directors/trustees and officers of:
 - Advisors Series Trust;
 - O’Shaughnessy Asset Management, LLC and its affiliates; and

- Family members (spouse, domestic partner, parents, grandparents, children, grandchildren and siblings (including step and in-law)) of any of the above.
- Current employees of:
 - the Fund's Transfer Agent;
 - broker-dealers who act as selling agents; and
 - family members (spouse, domestic partner, parents, grandparents, children, grandchildren and siblings (including step and in-law)) of any of the above.
- Qualified registered investment advisers who buy through a broker-dealer or service agent who has entered into an agreement with the Fund's distributor that allows for load-waived Class A purchases.

The Adviser also reserves the right to enter into agreements that reduce or eliminate sales charges for groups or classes of shareholders, or for Fund shares included in other investment plans such as "wrap accounts." If you own Fund shares as part of another account or package, such as an IRA or a sweep account, you should read the terms and conditions that apply for that account. Those terms and conditions may supersede the terms and conditions discussed here. Contact your selling agent for further information. You must notify the Fund or your financial intermediary if you are eligible for these sales charge waivers at the time of your transaction.

A financial intermediary may impose different sales load waivers. Sales load waiver variations specific to certain financial intermediaries are described in Appendix A to this Prospectus.

More information regarding the Fund's sales charges, breakpoints and waivers is available free of charge on the Fund's website: www.osfunds.com.

Class C Shares

You can buy Class C shares at the NAV without an up-front sales charge. As described earlier, Class C shares are subject to annual Rule 12b-1 distribution and service fees of 1.00%. Of the 1.00% fee, an annual 0.75% distribution fee compensates your financial intermediary for providing distribution services and an annual 0.25% service fee compensates your financial intermediary for providing ongoing service to you. The Adviser pays your financial intermediary a 1.00% up-front sales commission, which includes an advance of the first year's distribution and service fees. The Adviser receives the distribution and service fees from the Fund's distributor in the first year to reimburse itself for paying your financial intermediary a 1.00% up-front sales commission.

If you sell (redeem) your Class C shares within twelve months of purchase, you will have to pay a CDSC of 1.00% which is applied to the NAV of the shares on the date of original purchase or on the date of redemption, whichever is less. For example, if you purchased \$10,000 worth of shares, which due to market fluctuation has appreciated to \$15,000, the CDSC will be assessed on your \$10,000 purchase. If that same \$10,000 purchase has depreciated to \$5,000, the CDSC will be assessed on the \$5,000 value. For purposes of calculating the CDSC, the start of the 12 month holding period is the first day of the month in which the purchase was made. The Fund will use the FIFO method when taking the CDSC.

Investments of \$1 million or more for purchase into Class C will be rejected. Your financial intermediary is responsible for placing individual investments of \$1 million or more into Class A or Class I.

Waiving Your CDSC

The Adviser reserves the right to waive the CDSC for certain groups or classes of shareholders. If you fall into any of the following categories, you can redeem Class C shares without a CDSC:

- You will not be assessed a CDSC on Fund shares you redeem that were purchased with reinvested distributions.
- You will not be assessed a CDSC on Fund shares redeemed for account and transaction fees (e.g., returned investment fee) and redemptions through a systematic withdrawal plan.
- We waive the CDSC for all redemptions made because of scheduled (Internal Revenue Code Section 72(t)(2) withdrawal schedule) or mandatory (withdrawals generally made after age 70½ according to Internal Revenue Service (IRS) guidelines) distributions from traditional IRAs and certain other retirement plans. (See your retirement plan information for details.)
- We waive the CDSC for redemptions made in the event of the last surviving shareholder's death or for a disability suffered after purchasing shares. ("Disabled" is defined in Internal Revenue Code Section 72(m)(7).)
- We waive the CDSC for redemptions made at the direction of the Trust in order to, for example, complete a merger or effect a Fund liquidation.
- We waive the Class C shares CDSC if the dealer of record waived its commission with the Fund's or Adviser's approval.

We also reserve the right to enter into agreements that reduce or eliminate the CDSC for groups or classes of shareholders, or for Fund shares included in other investment plans such as "wrap accounts." If you own Fund shares as part of another account or package, such as an IRA or a sweep account, you should read the terms and conditions that apply for that account. Those terms and conditions may supersede the terms and conditions discussed here. Contact your selling agent for further information. You must notify the Fund or your financial intermediary if you are eligible for these sales charge waivers at the time of your transaction.

A financial intermediary may impose different CDSC waivers. CDSC waiver variations specific to certain financial intermediaries are described in Appendix A to this Prospectus.

Share Price

Shares of the Fund are sold at their NAV per share, plus any applicable sales charge. The Fund normally calculates its NAV per share as of the close of regular trading on the New York Stock Exchange (the "NYSE") (normally, 4:00 p.m., Eastern Time) on each day the NYSE is open for trading. Shares of the Fund will not be priced and are not available for purchase when the NYSE and/or Federal Reserve are closed, including the following days: New Year's Day, Martin Luther King, Jr. Day, Washington's Birthday/Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day and Christmas Day. The Fund calculates its NAV per share based on the market prices or official closing price of the securities (other than money market instruments) it holds.

Purchase and redemption requests are priced based on the next NAV per share calculated after receipt of such requests. The NAV is the value of the Fund's securities, cash and other assets, minus all expenses and liabilities (assets – liabilities = NAV). NAV per share is determined by dividing NAV by the number of shares outstanding (NAV/ # of shares = NAV per share). The

NAV takes into account the expenses and fees of the Fund, including management and administration fees, which are accrued daily.

In calculating the NAV, portfolio securities are valued using current market values or official closing prices, if available. Each security owned by the Fund that is listed on a securities exchange, including ADRs, EDRs and GDRs, is valued at its last sale price on that exchange on the date as of which assets are valued. Where the security is listed on more than one exchange, the Fund will use the price of the exchange that the Fund generally considers to be the principal exchange on which the security is traded. The Fund values most money market instruments that it holds at their amortized cost.

When market quotations are not readily available, a security or other asset is valued at its fair value as determined under procedures approved by the Board. These fair value procedures will also be used to price a security when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. The intended effect of using fair value pricing procedures is to ensure that the Fund is accurately priced. The Board will regularly evaluate whether the Fund's fair valuation pricing procedures continue to be appropriate in light of the specific circumstances of the Fund and the quality of prices obtained through their application by the Trust's valuation committee.

The Fund will process purchase orders that it receives in good order and accept redemption orders that it receives in good order prior to the close of regular trading on a day in which the NYSE is open at the NAV per share determined **later that day**. They will process purchase orders that they receive and accept and redemption orders that they receive **after** the close of regular trading at the NAV per share determined at the close of regular trading on the **next day** the NYSE is open.

Good order means that your purchase request includes (1) the name of the Fund and share class, (2) the dollar amount of shares to be purchased, (3) your account application, and (4) a check payable to the Fund.

PURCHASING SHARES

There are several ways to purchase shares of the Fund. An account application is used if you send money directly to the Fund by mail or wire. Payment should be made by check in U.S. dollars and drawn on a domestic financial institution, savings and loan, or credit union, or sent by wire transfer. Checks should be made payable to the Fund.

The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, U.S. Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks or any conditional order or payment.

If your check is returned for any reason, a \$25 fee will be assessed against your account. You will also be responsible for any losses suffered by the Fund as a result.

The Fund does not issue share certificates. The Fund reserves the right to reject any purchase in whole or in part. If you have questions about how to invest, or about how to complete the account application, please call an account representative at 1-877-291-7827.

In compliance with the USA PATRIOT Act of 2001, please note that the Transfer Agent will verify certain information on your account application as part of the Fund's Anti-Money Laundering Program. As requested on the account application, you must provide your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. Mailing addresses containing only a P.O. Box will not be accepted. Please contact the Transfer Agent at 1-877-291-7827 if you need assistance when completing your account application.

If the Transfer Agent does not have a reasonable belief of the identity of an investor, the account will be rejected or you will not be allowed to perform a transaction on the account until such information is received. The Fund may also reserve the right to close the account within five business days if clarifying information/documentation is not received.

Shares of the Fund have not been registered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside of the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses.

Retirement Accounts

The Fund offers prototype documents for a variety of retirement accounts for individuals and small businesses. Please call 1-877-291-7827 for information on:

- Individual Retirement Plans, including Traditional IRAs and Roth IRAs.
- Small Business Retirement Plans, including Simple IRAs and SEP IRAs.

There may be special distribution requirements for a retirement account, such as required distributions or mandatory Federal income tax withholdings. For more information, call the number listed above. You may be charged a \$15 annual account maintenance fee for each retirement account up to a maximum of \$30 annually and a \$25 fee for transferring assets to another custodian or for closing a retirement account. Fees charged by institutions may vary.

You may Purchase Shares through an Investment Broker

The Fund has authorized one or more brokers to receive on its behalf purchase and redemption orders. Such brokers are authorized to designate other intermediaries to receive purchase and redemption orders on the Fund's behalf. The Fund will be deemed to have received a purchase or redemption order when an authorized broker or, if applicable, a broker's authorized designee, receives the order. Customer orders will be priced at the Fund's NAV, plus any applicable sales charge, next computed after they are received by an authorized broker or the broker's authorized designee. Your shares will be held in the broker's name, and the broker will maintain your individual ownership information. The Fund or Adviser may pay the broker for maintaining these records as well as providing other shareholder services. Additionally, investors may be charged a fee if they effect transactions through a broker or agent. The broker is responsible for processing your order correctly and promptly, keeping you advised of the status of your individual account, confirming your transactions and ensuring that you receive copies of the Fund's Prospectus.

You may Send Money to the Fund by Mail

If you wish to invest by mail, simply complete the account application and mail it with a check (made payable to the O'Shaughnessy All Cap Core Fund) to:

Regular Mail

O'Shaughnessy All Cap Core Fund
c/o U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, Wisconsin 53201-0701

Overnight Delivery

O'Shaughnessy All Cap Core Fund
c/o U.S. Bank Global Fund Services
615 East Michigan Street, Third Floor
Milwaukee, Wisconsin 53202

Note: *The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, a deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC's post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.*

You may Wire Money to the Fund

If you are making your first investment in the Fund, before you wire funds, please contact the Fund by phone to make arrangements with a telephone service representative to submit your completed account application via mail, overnight delivery or facsimile. Upon receipt of your completed account application, your account will be established and a service representative will contact you to provide your new account number and wiring instructions. If you do not receive this information within one business day, you may call the Transfer Agent at 1-877-291-7827.

You may then instruct your bank to initiate the wire. Prior to sending the wire, please call the Fund at 1-877-291-7827 to advise them of the wire and to ensure proper credit upon receipt. Your bank must include the Fund's name, your name and account number so that your wire can be correctly applied. Your bank should transmit immediately available funds by wire to:

U.S. Bank National Association
777 East Wisconsin Avenue
Milwaukee, Wisconsin 53202
ABA #: 075000022
Credit: U.S. Bancorp Fund Services, LLC
A/C #112-952-137
FFC: O'Shaughnessy All Cap Core Fund
Shareholder Registration
Shareholder Account Number

Wired funds must be received prior to 4:00 p.m., Eastern Time, or the close of the NYSE, whichever is earlier, to be eligible for same day pricing. Neither the Fund nor U.S. Bank N.A. is responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

Please contact the Transfer Agent prior to sending a wire in order to ensure proper credit. If you are making a subsequent purchase, your bank should wire funds as indicated above. It is essential that your bank include complete information about your account in all wire instructions. If you have questions about how to invest by wire, you may call the Transfer Agent at 1-877-291-7827. Your bank may charge you a fee for sending a wire payment to the Fund.

You may Purchase Additional Shares by Telephone

Unless you have declined the purchase by telephone option on your account application and if

your account has been open for at least 15 calendar days, you may purchase additional shares by calling the Transfer Agent at 1-877-291-7827. You may not make your initial purchase of Fund shares by telephone. Telephone orders will be accepted via electronic funds transfer from your pre-designated bank account through the Automated Clearing House (“ACH”) network. You must have banking information established on your account prior to making a telephone purchase. Only bank accounts held at domestic institutions that are ACH members may be used for telephone transactions. If your order is received prior to 4:00 p.m., Eastern Time, or the close of the NYSE, whichever is earlier, shares will be purchased at the appropriate share price next calculated. For security reasons, requests by telephone may be recorded. Once a telephone transaction request has been placed, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern Time).

When is Money Invested in the Fund?

Your share price will be the NAV plus any applicable sales charge next calculated after the Transfer Agent or your broker receives your request in good order. “Good order” means that your purchase request includes: (1) the name of the Fund and share class, (2) the dollar amount of shares to be purchased, (3) your purchase application or investment stub, and (4) a check payable to the Fund in which you are investing. All requests received in good order before 4:00 p.m. (Eastern Time), or the close of the NYSE, whichever is earlier, will be processed on that same day. Requests received after 4:00 p.m. (Eastern Time), or the close of the NYSE, whichever is earlier, will be processed on the next business day.

What is the Price of the Fund?

Class A shares of the Fund are sold at NAV per share plus any applicable sales charge; Class C shares of the Fund are sold at NAV per share. The Fund’s NAV per share, or price per share, is calculated by dividing the value of the Fund’s total assets, less its liabilities, by the number of its shares outstanding. The Fund’s assets are the market value of securities held in its portfolio, plus any cash and other assets. The Fund’s liabilities are fees and expenses it owes. The number of Fund shares outstanding is the amount of shares which have been issued to shareholders. The price you will pay to buy Fund shares or the amount you will receive when you sell your Fund shares is based on the NAV per share next calculated after your order is received and accepted.

Minimum Investments

The minimum initial investment amount when establishing a new account with the Fund is \$2,500 for Class A and Class C shares for all account types. The minimum subsequent investment is \$100 for Class A and Class C shares for all account types. The Fund may, in its discretion and with appropriate advance notice, redeem any shareholder account (other than an account participating in the systematic investment program) that has a balance of less than \$500. Shareholders will receive written notice at least 30 days in advance of any involuntary redemption and will be given the opportunity to purchase (subject to any applicable sales charges) the number of additional shares needed to bring the account value to \$500.

The Fund’s minimum investment requirements may be waived from time to time by the Adviser, and for the following types of shareholders:

- current and retired employees, directors/trustees and officers of the Trust, the Adviser and its affiliates and certain family members of each of them (*i.e.*, spouse, domestic partner, child, parent, sibling, grandchild and grandparent, in each case including in-law, step and adoptive relationships);

- any trust, pension, profit sharing or other benefit plan for current and retired employees, directors/trustees and officers of the Adviser and its affiliates;
- current employees of the Transfer Agent, broker-dealers who act as selling agents for the Fund, intermediaries that have marketing agreements in place with the Adviser and the immediate family members of any of them;
- registered investment advisers who buy through a broker-dealer or service agent who has entered into an agreement with the Fund's distributor;
- qualified broker-dealers who have entered into an agreement with the Fund's distributor; and
- existing clients of the Adviser, their employees and immediate family members of such employees.

Subsequent Investments

You may purchase additional shares of the Fund by sending a check, with the stub from an account statement, to the Fund at the address above. Please also write your account number on the check. If you do not have a stub from an account statement, you can write your name, address and account number on a separate piece of paper and enclose it with your check. If you want to invest additional money by wire, it is important for you to first call the Fund at 1-877-291-7827.

Automatic Investment Plan ("AIP")

You may make regular monthly, quarterly, semi-annual or annual investments in the Fund using the AIP. In order to participate in the AIP, your financial institution must be an Automated Clearing House ("ACH") member. An ACH debit is drawn electronically against your account at a financial institution of your choice for investment in the Fund on the day of the month you selected. There is no charge by the Fund for this service. The Fund may terminate or modify this privilege at any time. You may terminate or modify your participation by notifying the Transfer Agent by telephone or in writing at least five calendar days prior to the effective date. Once the initial minimum investment is made, the subsequent minimum investment amount is \$100. A request to change bank information may require a signature guarantee, signature authentication from a Signature Validation Program member or other acceptable form of authentication from a financial institution source. Additionally, the Transfer Agent will charge a \$25 fee for any payment returned as unpaid. You will also be responsible for any losses suffered by the Fund as a result. To establish the AIP, an investor must complete the appropriate section of the account application. For additional information on the AIP, please call the Transfer Agent at 1-877-291-7827.

Purchase Programs

The preceding information regarding other purchase programs that the Fund offers is applicable only to holders of Class A and Class C shares.

REDEEMING SHARES

You have the right to redeem all or any portion of your shares of the Fund at the next calculated NAV per share, minus any applicable contingent deferred sales charge, on each day the NYSE is open for trading. A redemption may result in recognition of a gain or loss for federal income tax purposes.

Shareholders who have an IRA or other retirement plan must indicate on their written redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will be subject to withholding. Shares held in IRA accounts may be redeemed by telephone at 1-877-291-7827. Investors will be asked whether or not to withhold taxes from any distribution.

When are Redemption Payments Made?

Generally, the Fund typically expects that it will take one to three days following the receipt of your redemption request to pay out redemption proceeds; however, while not expected, payment of redemption proceeds may take up to seven days. As described below, you may receive proceeds of your sale in a check, ACH, or federal wire transfer.

The Fund typically expects that it will hold cash or cash equivalents to meet redemption requests. The Fund may also use the proceeds from the sale of portfolio securities to meet redemption requests if consistent with the management of the Fund. These redemption methods will be used regularly and may also be used in unusual circumstances. The Fund may delay paying redemption proceeds for up to seven calendar days after receiving a request, if an earlier payment could adversely affect a Fund.

The Fund reserves the right to redeem in-kind as described below in the “Other Redemption Information” section. Redemptions in-kind are typically used to meet redemption requests that represent a large percentage of a Fund’s net assets in order to minimize the effect of large redemptions on the fund and its remaining shareholders. As noted, redemptions in-kind are typically used in unusual circumstances.

No redemption request will become effective until the Transfer Agent has received all documents in good order. Shareholders should contact the Transfer Agent at 1-877-291-7827 for further information concerning documentation required for redemption of Fund shares. You may redeem Fund shares at a price equal to the NAV per share next determined after the Transfer Agent receives your redemption request in good order. Your redemption request cannot be processed on days the NYSE is closed. All requests received in good order by the Fund before the close of the regular trading session of the NYSE (generally, 4:00 p.m., Eastern Time) will usually be sent to the bank you indicate or mailed on the following day to the address of record.

Redemption payments for telephone redemptions are sent on the next business day after the telephone call is received. Payments for redemptions requested in writing are normally made promptly, but no later than seven days after the receipt of a valid request. Before selling recently purchased shares, please note that if the Transfer Agent has not yet collected payment for the shares you are selling, it may delay sending the proceeds until the payment is collected, which may take up to 15 calendar days from the purchase date. This delay can be avoided by investing by wire to make your purchase.

Redemptions in Writing

You may redeem your shares by simply sending a written request to the Fund. Please provide the Fund’s name, your name, account number and state the number of shares or dollar amount you would like redeemed. The letter should be signed by all of the shareholders whose names appear in the account registration. Please have the signatures guaranteed, if applicable. No redemption requests will become effective until all documents have been received in good order by the Transfer Agent. “Good order” means your redemption request includes: (1) the name of the Fund, (2) the number of shares or dollar amount to be redeemed, (3) the account number

and (4) signatures by all of the shareholders whose names appear on the account registration with a signature guarantee, if applicable. Payment of your redemption proceeds will be made promptly, but not later than seven days after the receipt of your written request in good order. Shareholders who have an IRA or other retirement plan must indicate on their redemption request whether to withhold federal income tax. You should send your redemption request to:

Regular Mail

O'Shaughnessy All Cap Core Fund
c/o U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, Wisconsin 53201-0701

Overnight Delivery

O'Shaughnessy All Cap Core Fund
c/o U.S. Bank Global Fund Services
615 East Michigan Street, Third Floor
Milwaukee, Wisconsin 53202

Note: The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, a deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC's post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.

Redemptions by Telephone

Unless you have declined the redemption by telephone option on the account application, you may redeem shares, up to \$100,000, on any business day the NYSE is open by calling the Transfer Agent at 1-877-291-7827 before the close of trading on the NYSE. Redemption proceeds will be sent on the next business day to the address that appears on the Transfer Agent's records. If you request, redemption proceeds will be wired on the next business day to your designated bank account, or sent via electronic funds transfer through the ACH network to your predetermined bank account. The minimum amount that may be wired is \$1,000. Wire charges, currently \$15, will be applied. If you are redeeming your entire account balance or a specific share amount, the fee will be deducted from the proceeds. In the case of a partial redemption or the redemption of a specific dollar amount, the fee will be deducted from your remaining account balance. There is no charge to have proceeds sent by electronic funds transfer and credit is typically available in two to three business days. Telephone redemptions cannot be made if you notify the Transfer Agent of a change of address within 15 calendar days before the redemption request. Once a telephone transaction has been placed, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern Time). If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.

By establishing telephone redemption privileges, you authorize the Fund and its Transfer Agent to act upon the instruction of any person who makes the telephone call to redeem shares from your account and transfer the proceeds to the financial institution account designated on the account application. The Fund and the Transfer Agent will use procedures to confirm that redemption instructions received by telephone are genuine, including recording of telephone instructions and requiring a form of personal identification before acting on these instructions. If these normal identification procedures are followed, neither the Fund nor the Transfer Agent will be liable for any loss, liability, or cost that results from acting upon instructions of a person believed to be a shareholder with respect to the telephone redemption privilege. The Fund may change, modify, or terminate these privileges at any time upon at least 60 days' notice to shareholders.'

You may request telephone redemption privileges after your account is opened; however, the request may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source. Telephone trades must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call wait times. Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to market close.

Signature Guarantees

A signature guarantee of each account owner, from either a Medallion program member or a non-Medallion program member, is required in the following situations:

- When ownership is being changed on your account;
- When redemption proceeds are payable to or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account has changed within the last 15 calendar days; and/or
- For all redemptions in excess of \$100,000 from any shareholder account.

Non-financial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member or other acceptable form of authentication from a financial institution source.

In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee in other instances based on the circumstances relative to the particular situation.

Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program. *A notary public is not a signature guarantor.*

Systematic Withdrawal Plan (“SWP”)

The Fund offers a SWP whereby you may request a predetermined amount be sent to you monthly, quarterly or annually. If you elect this method of redemption, the Fund will send a check to your address of record or will send the payment via electronic funds transfer through the ACH network directly to your bank account. For payment through the ACH network, your bank must be an ACH member and your bank account information must be maintained on your Fund account. To start the SWP, your account must have Fund shares with a value of at least \$50,000, and the minimum payment amount is \$2,500. The SWP may be terminated or modified by you or the Fund at any time without charge or penalty. Termination and modification of your SWP should be provided to the Transfer Agent five calendar days prior to the next withdrawal. A withdrawal under the SWP involves a redemption of shares of the Fund, and may result in a gain or loss for federal income tax purposes. In addition, if the amount withdrawn exceeds the dividends credited to your account, the account ultimately may be depleted. The redemption fee will be waived on sales of Fund shares due to participation in the SWP.

Other Redemption Information

Your redemption proceeds are net of any CDSC fees and/or redemption fees.

The Trust has elected to be governed by Rule 18f-1 under the 1940 Act. Specifically, if the amount you are redeeming is in excess of the lesser of \$250,000 or 1% of the Fund's net assets, the Fund has the right to redeem your shares by giving you the amount that exceeds \$250,000 or 1% of the Fund's net assets in securities instead of cash. If the Fund pays your redemption proceeds by a distribution of securities, you could incur brokerage or other charges in converting the securities to cash, and will bear any market risks associated with such securities until they are converted into cash.

The Fund has the right to pay redemption proceeds to you in whole or in part by a distribution of securities from the Fund's portfolio (redemption-in-kind). It is not expected that the Fund would do so except in unusual circumstances. If the Fund pays your redemption proceeds by a distribution of securities, you could incur brokerage or other charges in converting the securities to cash. A redemption, whether in cash or in-kind, is a taxable event for you.

The Fund may suspend the right of redemption under certain extraordinary circumstances in accordance with rules of the SEC. Specifically, the Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than seven business days (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists as a result of which disposal by the Fund of securities owned by it is not reasonably practicable or it is not reasonably practicable for the Fund fairly to determine the fair value of its net assets; or (3) for such other periods as the SEC may permit for the protection of a Fund's shareholders.

Tools to Combat Frequent Transactions

The Board has adopted policies and procedures with respect to frequent purchases and redemptions of Fund shares by Fund shareholders. The Fund discourages excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm the Fund's performance. The Fund takes steps to reduce the frequency and effect of these activities in the Fund. These steps include monitoring trading activity, imposing redemption fees and using fair value pricing. Although these efforts (which are described in more detail below) are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity may occur. Further, while the Fund makes efforts to identify and restrict frequent trading, the Fund receives purchase and sale orders through financial intermediaries and cannot always know or detect frequent trading that may be facilitated by the use of intermediaries or the use of group or omnibus accounts by those intermediaries. The Fund seeks to exercise judgment in implementing these tools in a manner that is consistent with shareholder interests.

Monitoring Trading Practices

The Fund monitors selected trades in an effort to detect excessive short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Fund seeks to act in a manner that it believes is consistent with the best interests of shareholders. Due to the complexity and subjectivity involved in identifying abusive trading activity and the volume of shareholder transactions the Fund handles, there can be no assurance that the Fund's efforts will identify all trades or trading practices that may be considered abusive. In

addition, the Fund's ability to monitor trades that are placed by individual shareholders within group or omnibus accounts maintained by financial intermediaries is limited because the Fund does not have simultaneous access to the underlying shareholder account information.

In compliance with Rule 22c-2 of the 1940 Act, the Fund's Distributor, on behalf of the Fund, has entered into written agreements with each of the Fund's financial intermediaries, under which the intermediary must, upon request, provide the Fund with certain shareholder and identity trading information so that the Fund can enforce its market timing policies.

Redemption Fee

The Fund charges a 2.00% redemption fee on the redemption and exchange of Fund shares held for 90 calendar days or less. This fee is imposed in order to help offset the transaction costs and administrative expenses associated with the activities of short-term "market timers" that engage in the frequent purchase and sale of Fund shares. The FIFO method is used to determine the holding period; this means that if you bought shares on different days, the shares purchased first will be redeemed first for the purpose of determining whether the redemption fee applies. The redemption fee is deducted from your proceeds and is retained by the Fund for the benefit of its long-term shareholders. Redemption fees will not apply to shares acquired through the reinvested distributions or on sales of Fund shares due to participation in the Systematic Withdrawal Plan. Although the Fund has the goal of applying this redemption fee to most such redemptions, the redemption fee may not apply in certain circumstances where it is not currently practicable for the Fund to impose the fee, such as redemptions of shares held in certain omnibus accounts or retirement plans.

The Fund's redemption fee will not apply to broker wrap-fee program accounts. Additionally, the Fund's redemption fee will not apply to the following types of transactions:

- premature distributions from retirement accounts due to the disability or health of the shareholder;
- minimum required distributions from retirement accounts;
- redemptions resulting in the settlement of an estate due to the death of the shareholder;
- shares acquired through reinvestment of distributions (dividends and capital gains); and
- redemptions initiated through an automatic withdrawal plan.

Fair Value Pricing

The Fund employs fair value pricing selectively to ensure greater accuracy in its daily NAVs and to prevent dilution by frequent traders or market timers who seek to take advantage of temporary market anomalies. The Board has developed procedures which utilize fair value pricing when reliable market quotations are not readily available or the Fund's pricing service does not provide a valuation (or provides a valuation that in the judgment of the Adviser does not represent the security's fair value), or when, in the judgment of the Adviser, events have rendered the market value unreliable. Valuing securities at fair value involves reliance on judgment. Fair value determinations are made in good faith in accordance with procedures adopted by the Board and are reviewed by the Board. There can be no assurance that the Fund will obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share.

DISTRIBUTION OF FUND SHARES

Distributor

Quasar Distributors, LLC, an affiliate of the Transfer Agent, 777 East Wisconsin Avenue, 6th floor, Milwaukee, Wisconsin 53202, is the distributor for the shares of the Fund (“Quasar” or “Distributor”). Quasar Distributors, LLC is a registered broker-dealer and a member of the Financial Industry Regulatory Authority (“FINRA”). Shares of the Fund are offered on a continuous basis.

Distribution and Service (Rule 12b-1) Plan

The Fund has adopted a plan pursuant to Rule 12b-1 that allows the Fund’s Class A shares and Class C shares to pay distribution and service fees for the sale, distribution and servicing of their shares. The plan provides for the payment of a distribution and service fee at the annual rate of 0.25% and 1.00% of average daily net assets of the Fund’s Class A shares and Class C shares, respectively. Because these fees are paid out of the Fund’s assets, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges.

Shareholder Servicing Plan

The Board has approved a Shareholder Servicing Plan (“Service Plan”) for Class A and Class C shares of the Fund. Under the Service Plan, Class A and Class C shares of the Fund may pay service fees of up to 0.15% of average daily net assets to intermediaries such as banks, broker-dealers, financial advisers or other financial institutions, for sub-administration, sub-transfer agency and other shareholder services associated with shareholders whose shares are held of record in omnibus, other group accounts or accounts traded through registered securities clearing agents. As these fees are paid out of the Fund’s assets, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges.

The Adviser has voluntarily agreed to limit the accrual of the shareholder servicing plan fees for the Class A and Class C shares of the Fund to 0.00% through November 27, 2019.

Service Fees – Additional Payments to Third Parties

The Adviser, out of its own resources, and without additional cost to the Fund or its shareholders, may provide additional cash payments or non-cash compensation to intermediaries who sell shares of the Fund. Such payments and compensation are in addition to distribution and service fees paid by the Fund. These additional cash payments are generally made to intermediaries that provide shareholder servicing, marketing support and/or access to sales meetings, sales representatives and management representatives of the intermediary. Cash compensation may also be paid to intermediaries for inclusion of the Fund on its sales list, including a preferred or select sales list, in other sales programs or as an expense reimbursement in cases where the intermediary provides shareholder services to the Fund’s shareholders. The Adviser may also pay cash compensation in the form of finder’s fees that vary depending on the dollar amount of the shares sold.

The Fund has policies and procedures in place for the monitoring of payments to broker-dealers and other financial intermediaries for distribution-related activities and the following non-distribution activities: sub-transfer agent, administrative, and other shareholder services.

GENERAL POLICIES

Some of the following policies are mentioned above. In general, the Fund reserves the right to:

- Refuse, change, discontinue, or temporarily suspend account services, including purchase, or telephone redemption privileges, for any reason;
- Reject any purchase request for any reason. Generally, the Fund will do this if the purchase is disruptive to the efficient management of the Fund (due to the timing of the investment or an investor's history of excessive trading);
- Redeem all shares in your account if your balance falls below a \$500 due to redemption activity. If, within 30 days of the Fund's written request, you have not increased your account balance, you may be required to redeem your shares. The Fund will not require you to redeem shares if the value of your account drops below the investment minimum due to fluctuations of NAV; and
- Reject any purchase or redemption request that does not contain all required documentation.

If you elect telephone privileges on the account application or in a letter to the Fund, you may be responsible for any fraudulent telephone orders as long as the Fund has taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern Time).

Telephone trades must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call wait times. Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to market close. If you are unable to contact the Fund by telephone, you may also mail your request to the Fund at the address listed under "Purchasing Shares."

Your financial intermediary may establish policies that differ from those of the Fund. For example, the organization may charge transaction fees, set higher minimum investments, or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Contact your financial intermediary for details.

Lost Shareholders, Inactive Accounts and Unclaimed Property. It is important that the Fund maintain a correct address for each shareholder. An incorrect address may cause a shareholder's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then it will determine whether the shareholder's account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the "inactivity period" specified in your state's abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The shareholder's last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent toll-free at 1-877-291-7827 at least annually to ensure your account remains in active status.

If you are a resident of the state of Texas, you may designate a representative to receive notifications that, due to inactivity, your mutual fund account assets may be delivered to the Texas Comptroller. Please contact the Transfer Agent if you wish to complete a Texas Designation of Representative form.

Fund Mailings

Statements and reports that the Fund sends to you include the following:

- Confirmation statements (after every transaction that affects your account balance or your account registration);
- Annual and semi-annual shareholder reports (every six months); and
- Quarterly account statements.

Householding

In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses, annual and semi-annual reports, proxy statements and other similar documents you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders we reasonably believe are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-877-291-7827 to request individual copies of these documents. Once the Transfer Agent receives notice to stop householding, the Transfer Agent will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

DIVIDENDS, DISTRIBUTIONS AND TAXES

The Fund intends to continue to qualify to be taxed as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). As a regulated investment company, the Fund will not be subject to federal income tax if it distributes its taxable income as required by the tax law and satisfies certain other requirements that are described in the SAI.

Dividends from net investment income, if any, normally are declared and paid by the Fund in December. Capital gain distributions, if any, are also normally made in December but the Fund may make an additional payment of dividends or capital gain distributions if it deems it desirable at another time during any year.

All distributions will be reinvested in Fund shares unless you choose one of the following options: (1) receive dividends in cash while reinvesting capital gain distributions in additional Fund shares; (2) receive capital gain distributions in cash while reinvesting dividends in additional Fund shares; or (3) receive all distributions in cash. Distributions are taxable whether received in cash or additional Fund shares.

If you elect to receive any distributions paid in cash and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current NAV per share, and to reinvest all subsequent distributions. If you wish to change your distribution option, notify the Transfer Agent in writing or by telephone at 1-877-291-7827. Any changes should be submitted five days prior to the payment date of the distribution.

Any dividend or capital gain distribution paid by the Fund has the effect of reducing the NAV per share on the ex-dividend date by the amount of the dividend or capital gain distribution. You should note that a dividend or capital gain distribution paid on shares purchased shortly before that dividend or capital gain distribution was declared will be subject to income taxes even though the dividend or capital gain distribution represents, in an economic sense, a partial return of capital to you.

Distributions derived from net investment income, including net short-term capital gains, are taxable to shareholders as ordinary income or, under current law, as qualified dividend income, provided certain holding period and other requirements are met. Distributions reported as capital gain dividends are taxable as long-term capital gains regardless of the length of time shares of the Fund have been held. There is no requirement that the Fund take into consideration any tax implications to shareholders when implementing its investment strategies. Shareholders should note that the Fund may make taxable distributions of income and capital gains even when share values have declined. Depending on the composition of its underlying investments, a portion of ordinary income dividends paid by the Fund may be qualified dividend income eligible for taxation at long-term capital gain rates for individual investors, provided that certain holding period and other requirements are met. Generally, none or only a small portion of the income dividends paid to you as a result of a Fund's investment in REITs is anticipated to be qualified dividend income eligible for taxation by individuals at long-term capital gain tax rates. The eligibility for qualified dividend tax rates depends on the underlying investments of the Fund. Some or all of your distributions may not be eligible for this preferential tax rate. A 3.8% surtax applies to the net investment income, which generally will include dividends and capital gains from an investment in the Fund, of shareholders with adjusted gross income over \$200,000 for single filers and \$250,000 for married joint filers. Although distributions are generally taxable when received, certain distributions declared in October, November, or December to shareholders of record on a specified date in such a month but paid in the following January are taxable as if received the prior December.

For taxable years beginning after 2017 and before 2025, non-corporate taxpayers generally may deduct 20% of "qualified business income" derived either directly or through partnerships or S Corporation. For this purpose, "qualified business income" generally includes ordinary REIT dividends and income derived from master limited partnership ("MLP") investments. There is currently no mechanism for the Fund, to the extent that the Fund invest REITs or MLPs, to pass through to non-corporate shareholders the character or ordinary REIT dividends or income derived from master limited partnership ("MLP") investments. There is currently no mechanism for the Fund, to the extent that the Fund invest in REITs or MLPs, to pass through to non-corporate shareholders the character of ordinary REIT dividends or income derived from MLP investments so as to allow such shareholders to claim this deduction. It is uncertain whether future legislation or other guidance will enable the Fund to pass through to non-corporated shareholders the ability to claim this deduction.

By law, the Fund must withhold as backup withholding a percentage (currently 24%), at a rate under section 3406 of the Code for U.S. residents, of your taxable distributions and redemption proceeds if you do not provide your correct Social Security or taxpayer identification number and certify that you are not subject to backup withholding, or if the Internal Revenue Service instructs the Fund to do so.

If you sell or exchange your Fund shares, it is a taxable event for you. Depending on the purchase and sale price of the shares you sell, you may have a gain or a loss on the transaction. You are responsible for any tax liabilities generated by your transaction and your

investment in the Fund. The Code limits the deductibility of capital losses in certain circumstances.

Additional information related to the tax status of the Fund and the tax consequences of investing in them is contained in the SAI. Tax consequences are not the primary consideration of the Fund when making its investment decisions. You should consult your own adviser concerning federal, state and local taxation of distributions from the Fund.

INDEX DESCRIPTIONS

Please note that you cannot invest directly in an index. The figures presented in the average annual total returns table reflect all dividends reinvested.

The **Russell 3000[®] Index** measures the performance of the largest 3,000 U.S. companies representing approximately 98% of the investable U.S. equity market.

The **S&P 500[®] Index** is a market-value weighted index consisting of 500 stocks chosen for market size, liquidity, and industry group representation.

FINANCIAL HIGHLIGHTS

The financial highlights tables below are intended to help you understand the financial performance of the Fund for the fiscal period shown. Certain information reflects financial results for a single share of the Fund. The total returns in the table represent the rate that an investor would have earned or lost on an investment in the Fund assuming reinvestment of all dividends and distributions. This information has been audited by Tait, Weller & Baker LLP, an independent registered public accounting firm, whose report, along with the Fund's financial statements, are included in the Fund's annual report dated July 31, 2018, which is available free of charge upon request.

PRIVACY NOTICE

The Fund collects non-public information about you from the following sources:

- Information we receive about you on applications or other forms;
- Information you give us orally; and/or
- Information about your transactions with us or others.

We do not disclose any non-public personal information about our customers or former customers without the customer's authorization, except as permitted by law or in response to inquiries from governmental authorities. We may share information with affiliated and unaffiliated third parties with whom we have contracts for servicing the Fund. We will provide unaffiliated third parties with only the information necessary to carry out their assigned responsibilities. We maintain physical, electronic and procedural safeguards to guard your non-public personal information and require third parties to treat your personal information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank, or trust company, the privacy policy of your financial intermediary would govern how your non-public personal information would be shared by those entities with unaffiliated third parties.

You can find more information about the Fund in the following documents:

Statement of Additional Information

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Annual and Semi-Annual Reports

The Fund's annual and semi-annual report (collectively, the "Shareholder Reports") provide the most recent financial statements and portfolio listings. The annual report contains a discussion of the market conditions and investment strategies that affected the Fund's performance during the Fund's last fiscal year.

The SAI and the Shareholder Reports are available free of charge on the Fund's website at www.osfunds.com. You can obtain a free copy of the SAI and Shareholder Reports, request other information, or make general inquiries about the Fund by calling the Fund (toll-free) at 1-877-291-7827 or by writing to:

O'Shaughnessy All Cap Core Fund
c/o U.S. Bank Global Fund Services

Milwaukee, Wisconsin 53202

You may review and copy information including the Shareholder Reports and SAI at the Public Reference Room of the Securities and Exchange Commission in Washington, D.C. You can obtain information on the operation of the Public Reference Room by calling (202) 551-8090. Reports and other information about the Fund are also available:

- Free of charge from the Commission's EDGAR database on the Commission's Internet website at <http://www.sec.gov>;
- For a fee, by writing to the Public Reference Section of the Commission, Washington, D.C. 20549-1520; or
- For a fee, by electronic request at the following e-mail address: publicinfo@sec.gov.

(The Trust's SEC Investment Company Act file number is 811-07959.)

Appendix A

Financial Intermediary Sales Charge Variations

As noted under “Shareholder Information,” beginning on page 16, a financial intermediary may offer Fund shares subject to variations in or elimination of the Fund sales charges (“variations”), provided such variations are described in this prospectus. Set forth below are the variations in sales charges applicable to shares purchased through the noted financial intermediary. All variations described below are applied by, and the responsibility of, the identified financial intermediary. Variations may apply to purchases, sales, exchanges and reinvestments of Fund shares and a shareholder transacting in Fund shares through an intermediary identified below should read the terms and conditions of the variations carefully. A variation that is specific to a particular financial intermediary is not applicable to shares held directly with the Fund or through another intermediary.

RAYMOND JAMES®

Intermediary-Defined Sales Charge Waiver Policies

The availability of certain initial or deferred sales charge waivers and discounts may depend on the particular financial intermediary or type of account through which you purchase or hold Fund shares.

Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load (“CDSC”) waivers, which are discussed below. In all instances, it is the purchaser’s responsibility to notify the Fund or the purchaser’s financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase Fund shares directly from the Fund or through another intermediary to receive these waivers or discounts.

Raymond James & Associates, Inc., Raymond James Financial Services & Raymond James affiliates (“Raymond James”)

Effective March 1, 2019, shareholders purchasing Fund shares through a Raymond James platform or account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Fund’s prospectus or SAI.

Front-end sales load waivers on Class A shares available at Raymond James

- Shares purchased in an investment advisory program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same Fund (but not any other Fund within the Fund family).
- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James.
- Shares purchased from the proceeds of redemptions within the same Fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and

Appendix A

purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement).

A shareholder in the Fund's Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Raymond James.

CDSC Waivers on Classes A, B and C shares available at Raymond James

Death or disability of the shareholder.

Shares sold as part of a systematic withdrawal plan as described in the Fund's prospectus.

Return of excess contributions from an IRA Account.

Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70½ as described in the Fund's prospectus.

Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James.

Shares acquired through a right of reinstatement.

Front-end load discounts available at Raymond James: breakpoints, and/or rights of accumulation

Breakpoints as described in this prospectus.

Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of Fund family assets held by accounts within the purchaser's household at Raymond James. Eligible Fund family assets not held at Raymond James may be included in the rights of accumulation calculation only if the shareholder notifies his or her financial advisor about such assets.
